

Fullness OF Life

3RD FLOOR PATIO ENHANCEMENT CAMPAIGN

Botsford Commons is embarking upon a very exciting journey to enrich the lives of our residents living in our Continuing Care Center. We believe that we can bring the “Fullness of Life” to those who reside on these special units through enhancing the environment, education and training of staff, and strengthening family relationships.

About the Program

The 3rd Floor Patio is one special part of the Fullness of Life program. Through this campaign, our goal is to create a place where families and residents can enjoy the outdoors for 3 seasons during the year.

The current space is basically unfurnished. Your donation will enable us to create an environment with furnishings, plantings, and sun screens to ensure our resident's full enjoyment of the outdoor space.
